PEACHES

- **RED BIRD**.—A fine early peach; bright, glowing red. Flesh juicy, firm and most delicious peach flavor imaginable. Tree hardy and vigorous. Ripens in June.
- **DIXIGEM**.—Ripens severals days ahead of the Golden Jubilee. Medium size with red blush covering about half the surface. Flesh is yellow with fine texture and excellent flavor. A coming early commercial variety. Semi-free.
- **RED HAVEN**.—A good peach, brilliant red and beautiful yellow skin is smooth almost fuzless, resembling J. H. Hale in color, skin and flesh very firm and fruit ripens uniformly. Tree is very vigorous with heavy bud set and bears young, you will be pleased with this early peach.
- **HALEHAVEN**.—One of the best of its season. A product of the South Haven Experimental Station of Michigan. Ripening at about the time of Hiley, yellow, freestone, a good shipper, you will make no mistake in planting this peach.
- **ELBERTA**.—The most widely known of all peaches. Very attractive in appearance; large size; deep yellow, splashed crimson; perfect freestone; ripens in midsummer. Can be grown profitably in the North, South, East and West. Tree very vigorous and highly productive.
- **BELLE OF GEORGIA**.—The bst white peach for home and commercial planting. Ripens a week before Elberta. This is the famous Belle of Georgia; freestone; of splendid quality; very large; showy.
- **J. H. HALE**.—It averages one-third larger than Elberta, ripens about five days earlier. Color a beautiful golden-yellow. Freestone.

APPLES

RED JUNE.—One of the best early apples for table and market. Medium red, flesh white, crisp, excellent June.

DELICIOUS YELLOW.—A very remarkable apple, it is agreed by many, by far the best apple of the two delicious varieties. You will find the trees to grow off better, more quickly coming into bearing. Within a very short time it will be producing a crop of beautiful yellow apples, that will bring good prices on the market and you will be pleased with them in every way. Don't fail to plant heavily of our Yellow Delicious.

YORK IMPERIAL.—An attractive red apple with good quality, crisp, firm, and of fine texture. The tree is long lived and bears freely and regularly. Succeeds well in the Southwest. York Imperial is an excellent apple for the commercial trade because of its good shipping qualities. We have an excellent stock. September and October.

HORSE.—A popular Southern apple; large, oblong; yellow; fine for cooking and drying. July.

ROME BEAUTY.—Large, yellow, shaded red; tender, juicy, sub-acid. A leader in Ohio District Fall.

ROSES

Beyond question the rose is the most beautiful and satisfactory of all flowers. In the South we are particularly fortunate in being able to grow outside many varieties not hardy enough to withstand the rigid northern winters.

BETTY UPRICHARD.—Salmon flower tinged orange. Outside copper with orange suffusion. Remarkably attractive. A large, open long lasting and very fragrant flower.

ETOILE DE FRANCE.—A brilliant shade of clear red; large flowers on long stiff stems.

KAISERIN AUGUSTA VICTORIA.—Ivory white; large, superb; double; probably the very best white Rose grown.

ETOILE DE LYON.—Golden yellow; very sweet scented and sometimes called bush Marechal Neil.

PINK RADIANCE.—Brilliant, rose pink; large full flowers, very fragrant; an excellent rose.

RED RADIANCE.—One of the best, hardest, red roses. Flowers in bud and full bloom are perfect, bright, rich red color.

LUXEMBURG.—Golden yellow; thrifty grower.

ETOILE De HOLLAND.—Bright dark red. Highly perfumed, and can be classed as one of our best dark red roses. Strong grower and a profuse bloomer.

WHITE KILLARNEY.—A pure white sort of the famous Killarney. The long buds and large open flowers surpass in beauty and size even its parent. This is one of the six best sellers.

PAUL NEYRON.—This magnificent rose is by far the largest variety in cultivation; very double and full; of a beautiful deep rose color and delightfully fragrant; borne upon vigorous, upright shoots in great abundance throughout the entire season.

COLUMBIA.—Large size, very fragrant. Color, clear imperial pink, deepens as it opens to glowing pink.

FRAU KARL DUSCHKI.—One of the purest white roses known and sometimes known as Snow Queen. Very large blooms with immense petals of splendid substance. Splendid foliage and blooms on good, stiff stems. Upright, strong.

R O S E S

SUNBURST.—Orange-copper, or golden orange and golden yellow—all intense shades giving an extremely brilliant effect; long pointed buds on long stems, with splendid keeping qualities as a cut flower; also fine for bedding.

LADY HILLINGTON.—A splendid new yellow variety, one of the most prolific cut flowers. Color deep apricot yellow, varying to orange.

LA FRANCE.—The oldest Hybrid Tea, with lovely, double, pale pink blooms, more deliciously scented than any other. It is still desired by many who remember its unsurpassed fragrance.

TALISMAN.—This vividly colored rose is receiving much publicity and it actually does merit it. The coloring is truly marvelous, being a mixture of orange and yellow in irregular proportions, varying so much that no two flowers are alike. Fairly double, borne on long stems; exceedingly sweet scented. When you have once seen a perfect bud of Talisman, you cannot rest until you have it in your garden.

PRESIDENT HERBERT HOOVER.—The latest of the new multi-colorerd roses, combining many shades of cereise-pink, flame scarlet, and yellow; the long buds being beautifully formed, opening slowly, and possessing a delicious fragrance. It is certainly quite different from ordinary rose varieties and we have been much impressed with its brightly colored flowers. Two-year-old field grown roses:
